Secretary,

U. S. Geographic Board.

Dear Mr. Cameron:

While you were in my office today I showed you the copy of the brochure prepared by Forest Supervisor M. S. Benedict, of the Sawtooth National Forest, Idaho, on the Pioneer Range, and told you that (this represented part of the effort being made by Mr. Benedict to stimulate interest in the selection of the most appropriate names for those individual peaks on the Pioneer Range which have not heretofore been named.) The copy of the brochure accompanies this letter and may be retained by you with the understanding that it may be loaned from the files of the Geographic Board to the Forest Service if occasion arises.

Very truly yours,
